## What's On Winter to Spring 2021 😊

**Project 1: Story and Poetry Writing!** Children and young people have been given the opportunity to learn how to write children's stories and poetry, by a successful children's author, Kudzai! The stories and poetry will be published in a collective work of stories; the profits from the sales of the books will go back to fund children's activities and fund trips and activities for the children and young people who have taken part in the project!

**'Cute Mind's Writing Workshop:** Monday's writing workshop is suitable for children aged 10 years and under and young people with learning disabilities. Children will join in a range of fun games, activities and story-time 😊

**'Creative Minds' Writing Workshops:** Wednesday's group is suitable for young people aged 11 years and over. Young people will be encouraged to explore different styles of writing, engage in fun writing activities and interesting literacy discussions to encourage and develop their writing skills.
